UNIVERSITY OF NORTHERN IOWA

GREEN IOWA AMERICORPS

Service with Green Iowa AmeriCorps is a year like no other.

We hire socially-minded individuals who want to make a difference in the community through residential energy efficiency services, environmental education for all ages, and impactful community outreach efforts.

As a Green Iowa AmeriCorps member, you will:

- make a difference in peoples' lives every day.
- gain work experience that puts you ahead of your peers in the energy and environmental sector.
- have access to free trainings and valued certifications.
- receive time dedicated to a professional development plan uniquely tailored to allow you to pursue individual trainings for your long term career goals.
- get paid to serve while receiving health benefits and earning money to put towards student loans or continuing education!

ENERGY & COMMUNITY

implements energy efficiency services and environmental education and outreach to under-served populations in order to reduce financial burden and energy waste.

SUSTAINABLE SCHOOLS

helps Iowa school districts increase environmental education, energy efficiency tactics, and project-based learning initiatives.

LAND & WATER STEWARDS

aims to conserve and restore Iowa's lost ecosystems and water quality through education and outreach opportunities related to land and water conservation.
